LINCOLN, June 21.—At the governor's office was received the following cablegram from Colonel Mulford of the First Nebraska.

MANILA, June 21.—To Governor, Lincoln, Neb.: Colton ordered discharged, Manila. Would like all vacancies filled before sailing, 22d.

MULFORD. The adjutant general is in communication with the governor advising as to the course to be taken in accordance with Colonel Mulford's request. Colton is lieutenant colonel of the regiment and it is presumed he desires to remain in Manila. By this situation Major Frank Eager, the senior major, is next in line for promotion to the lieutenant colonelcy and Major Wallace Taylor, the junior major, would then become senior major. Captain Herpolsheimer of Lincoln is now the ranking captain.

OMAHA, June 21.—About 70 members of the committee on reception of the First regiment met in the council chamber yesterday afternoon, discussed plans for suitably honoring the returning soldiers and organized a working committee of 50 members. Twenty-five of these are from this city and the remaining 25 are from other cities of the state, each town or city from which a company of the regiment came being included.

Comments General Wheaton. WASHINGTON, June 21.—General Otis forwards the following:

MANILA, June 20.—Wheaton at Imus with four guns, four battalions, Fourth and Fourteenth infantry, Nevada troop cavalry; sent battalion south on reconnaissance direction of Las Marinas yesterday morning, where enemy was reported concentrating his scattered forces. Battalion encountered enemy's force of 2,000 marching to attack Imus. Was successful in impeding progress. Wheaton with two guns and two battalions hurried forward and repulsed the enemy with heavy loss, enemy leaving over 100 dead on the field. Our loss was five killed, 23 wounded. Wheaton was reinforced last night by a battalion Ninth infantry and is driving enemy beyond Las Marinas, which is now in his possession. Casualties today not reported. Wheaton's qualities for bold and successful attack unsurpassed.

Situation Is Very Serious.

NEW YORK, June 21.—"The situation in the Philippines is very serious," said General Nelson A. Miles at the Waldorf-Astoria last night. "I know nothing concerning the story that the war department is suppressing the news from Manila. But everybody knows that things are very serious there. The question of issuing a call for volunteers has not, I believe, been decided. I do not care to discuss the Philippine matter. I am here on private business."

FIRE EXPLODES MAGAZINE.

One Man of First Artillery Killed by Falling Debris at Fort Pickens.

PENSACOLA, Fla., June 21.—The smaller powder magazine at Fort Pickens, on Santa Rosa island, blew up at 5:45 a. m. The explosion wrecked the western corner of the old fort, demolishing the new brick store house, the brick bake house, the orderly sergeant's residence and several wooden buildings used for quarters for the laborers who had been working on the new fortifications. Flying fragments hit Private Wells of Battery H, who was on duty at the wharf, and almost instantly killed him. Four other men were badly injured, one having a leg and arm broken.

A fire broke out among the buildings at the fort and reached the magazine before it could be checked, causing the explosion. The fire raged all this forenoon and the larger magazine in which was stored a great quantity of dynamite and other heavy explosives, was in danger, and the forts being saved through the brave work of Captain Niemann and a detachment of marines. Buildings in Pensacola were shaken by the force of the explosion.

Lost—Fifty Ambulances.

CHICAGO, June 21.—Fifty hospital ambulances shipped to Tampa, Fla., over a year ago by the local army officers to be forwarded to Cuba for the use of the United States troops have been lost. The matter was brought to the attention of General Anderson yesterday by a letter from Washington, stating that the war department's search for the missing property had been unsuccessful and suggesting that the Chicago officials join in the hunt. What makes the loss all the more astonishing is that it took a freight train of 17 cars to haul the ambulances from the city.

May Accept Viquain's Offer.

LINCOLN, June 21.—Colonel Victor Viquain of the recently mustered out Third Nebraska regiment is hopeful that the regiment, whose services he has twice tendered to the president, may be called upon to go to the Philippines. In answer to his last tender to the president, Colonel Viquain has received a letter from Adjutant General Corbin, which says that under certain circumstances his proffer may be accepted. Colonel Viquain says his offer was made

advisedly with the consent of the officers and men of the Third.

Authorizing New Purchase. BERLIN, June 21.—The bill authorizing the acquisition of the Caroline, Ladron and Pelew islands was submitted to the reichstag yesterday.

KENNEDY CONVICTED.

Notorious Train Robber Given Seventeen Years by a Jury of Farmers. HARTVILLE, Mo., June 21.—John Kennedy, the notorious "Cracker Necker," has finally been convicted of train robbery. The jury before whom Kennedy was tried for complicity in the robbery of an express train at Macomb on Jan. 8 last, returned a verdict last evening adjudging Kennedy guilty as charged and fixing his punishment at 17 years in the state penitentiary.

Strangely enough it remained for Kennedy to be convicted by a jury of farmers here in Hartville, over 20 miles from any railroad, after the authorities in such a railroad center as Kansas City had signally failed to convict him of the numerous charges of train robbery which they had brought against him.

Six men were actually engaged in the Macomb hold-up. Of these, Jake Fogely, who received a penitentiary sentence of 14 years, and John Kennedy have been convicted. Old Bill Ryan, a member of the notorious old James gang, Joe Sheppard, Louis Nigh and Elmer Byram are the others accused of complicity in the hold-up. Their trials will follow that of Kennedy. Elmer Byram having made a full confession will probably not be severely punished.

RIOTING IN CLEVELAND.

Mob Attacks Street Cars and Chases Nonunion Motorman.

CLEVELAND, June 21.—There were two incipient riots last evening. At the corner of Central and Wilson avenues a crowd of 2,000 people obstructed the passage of two cross-town cars. One of the nonunion motormen, who gave his name as Charles Jones, was hit with a brick and badly injured. Later a car on the south side line was attacked near the suburb of Brighton. The motorman and conductor were chased into the woods by a mob and they had not returned when it came time to stop running cars.

The people of the south side nursed their wrath all day. They made no attempt to interfere with the running of cars so long as there was police protection, but last night there was a determined effort to get at the nonunion men at the Hollenden avenue barn. Soon after dark a mob of 5,000 people assembled. There were 20 policemen at the barn, but they were powerless to handle the mob. Fences were torn down and the crowd broke into the barn. In the meantime the nonunion men had escaped to the attic and the rioters contented themselves with smashing a few of the cars.

Smallpox Breaks Out in Howard County.

DES MOINES, June 21.—Dr. Kennedy of the state board of health received a telegram stating that three cases of smallpox had been discovered in Paris township, Howard county. The source of exposure comes from Cresco, the county seat of Howard. The farmers of the adjoining townships are wild with fright, but Dr. Kennedy says the cases have been reported as in a mild form and that every precaution will be taken to prevent the spreading of the disease. The population of the entire township will be vaccinated. All travel will be stopped, no one will be allowed upon the highways and the strictest of quarantine rules have been established.

General Strike Not Ordered.

BUFFALO, June 21.—Contrary to expectation, a general strike of dock workers was not ordered last night. A conference was held by representatives of all branches of labor along the docks and after the freight handlers had been urged in vain to return to work, it was decided that no action looking to a general strike should be taken until President Keefe of the longshoremen arrives.

Dan Coughlin Indicted.

CHICAGO, June 21.—Last night the grand jury voted indictments against Daniel Coughlin and William Armstrong. Coughlin was indicted on the charge of offering a bribe to Juror John F. Taylor. He was also indicted with William Armstrong, his bartender, on the charge of conspiracy to do an act prejudicial to the administration of public justice.

No Trace of the Murderers.

AUBURN, Neb., June 21.—There is nothing especially interesting in the Julian murder case. The hounds were unable to get the trail and the effort was abandoned. The jury simply finds that Mr. Rahund came to his death at the hands of parties unknown and that the object was robbery.

Mob After Negro Prisoner.

MORILE, Ala., June 21.—Daniel Patrick, the negro who assaulted Miss Bessie Ireland in her home outside of Scranton, Miss., Monday, was captured yesterday. He was taken to jail, where he confessed the crime. A crowd has gathered for the purpose of assaulting the jail. Sheriff Moore and deputies promise to resist the mob and some shooting is looked for.

St. Louis Entertains Elks.

ST. LOUIS, June 21.—Last night 8,000 Elks and their ladies were entertained by the local lodge at Suburban, on the outskirts of the city. They were entertained by a company of burnt cork artists early in the evening and then gave way to feasting and merry-making. The great feature of today will be the parade of the members, when 10,000 Elks are expected to be in line.

CRISIS GROWS SERIOUS.

Delay in Securing French Ministry Causes Alarm.

CALLS A NEW CABINET MAKER.

President Loubet Requests Bourgeois to Undertake the Task of Solidifying Enough Elements to Sustain the Government—Executive Shows Anxiety.

PARIS, June 21.—It is now said President Loubet will ask M. Bourgeois, the former premier and minister of foreign affairs, to form a new cabinet.

The prolongation of the cabinet crisis is becoming most serious. MM. Dupuy and Lockroy both called on President Loubet yesterday and expressed their anxiety to be relieved of the responsibility of office as soon as possible. It is reported orders have been sent to St. Michaels, Azores islands, directing the commander of the French cruiser Sfax, which is bringing Captain Dreyfus to France, to remain there a short time so as not to arrive in home waters until the new ministry is installed.

Should Bourgeois accept the task of forming a ministry it is thought his chances of success would be fairly good. His prestige has been much increased by the part he played in the deliberations of the peace conference at The Hague.

The latest gossip favors a combination cabinet, including MM. Bourgeois, Brisson, Poincare and Waldeck-Rousseau, but nothing will be known until M. Bourgeois arrives.

M. Waldeck-Rousseau, discussing his failure, is reported to have said: "I met with the utmost friendliness and straightforwardness from my former adversaries, but found only treason among my old allies."

WAR POSSIBILITIES.

Natal Volunteers Ordered in Readiness for Active Service.

CAPE TOWN, June 21.—The Natal volunteers have been ordered to hold themselves in readiness for active service.

The activity of the war department authorities has been suspended in the matter of contracts for certain requisitions, on the ground that the regiments are now ready to leave Capetown for Kimberley at short notice.

An engine driver on the Cape railway declares that he has seen men, armed and mounted, engaged in drilling at Houtkruis, near Deur and Pontfontein, not far from Kimberley. He was informed that they were Dutchmen preparing to assist the Boers in the event of hostilities.

FLOCKING TO RENNES.

Hotels Filled With People Coming to Hear the Trial of Captain Dreyfus.

PARIS, June 21.—The approaching arrival of Dreyfus at Rennes is causing an influx of foreigners there. The hotels are besieged with applicants for rooms, which command immense prices. The arrangements for the conveyance of the prisoner from Brest have been made with the greatest care and it is believed there is no danger of demonstrations. Dreyfus is expected to reach Brest early in the morning and precautions have been taken to prevent anybody from seeing him either at Brest or at Rennes. The figure says it understands Dreyfus will arrive at Rennes on June 30 and that he will be landed elsewhere than at Brest.

Australian Federation.

SYDNEY, N. S. W., June 21.—The referendum on the federation question has resulted in 11,045 votes in favor, as against 10,551 opposed, in the city of Sydney. In the country districts, the returns, now practically complete, show 65,697 for federation, as against 44,035 opposed. The result has been received here with great enthusiasm, and the federation leaders are applauded and encouraged on all hands.

The referendum on the federation proposal will be taken in Victoria towards the end of next month.

LONDON, June 21.—The Times and other morning papers contain editorials in a congratulatory vein regarding the New South Wales referendum, which insures the success of Australian federation, inasmuch as the results in Victoria and Queensland are a foregone conclusion.

CROP SHORTAGE ABROAD.

With Exception of Small Sections Rain-fall Has Been Greatly Deficient.

NEW YORK, June 20.—The Times' London correspondent telegraphs: "We are threatened with an agricultural disaster that may, among other evils, inflict upon us a woefully short grain crop. June, usually rather wet, is this year so far rainless and crops are already half ruined in many parts of the country. The same conditions prevail over the greater part of Europe and in south Russia the wheat crop is said to be lost. Serbian farmers are favored by the weather, they having again a splendid prospect before them, even with India competing."

Riots in India.

LONDON, June 21.—A dispatch to the Daily Mail from Simla says: Over 50 small villages have been looted and burned in the Tumaveilly district. At one town more than 100 murders were committed. The victims in many cases were literally hacked to pieces and then thrown into the flames of their burning homes.

Plumbers' Strike Spreads.

ST. LOUIS, June 21.—The plumbers' strike here threatens to involve other local labor unions. Building operations are practically tied up.

EASY FOR PETER MAHER.

Mike Morrissey Makes No Attempt to Stay in the Fight.

NEW YORK, June 21.—Peter Maher, the Irish heavyweight pugilist, scored a quick victory over his fellow countryman, Mike Morrissey, of Tipperary, before the Lenox Athletic club last night. Morrissey had been heralded as an invincible Irish champion. Maher sized his man up quickly and went for him. There was apparently no fight in the newcomer. A light punch on the breast and a right cross to the jaw were the only blows struck, and these were delivered by Maher. The blow that Maher landed on the jaw was insufficient to knock out any man. Maher weighed 174 pounds and looked well. Mike Morrissey had a retinue of handlers when he reached the ringside and said he weighed 182 pounds. The moment that the men shaped it was clearly evident that Morrissey was afraid and that Maher had the easiest task ever given him. Both fiddled for a few minutes, and then Maher went for his man, with a light one on the chest, and sent his right over to the jaw. Morrissey fell in a neutral corner and lay there resting on his right elbow, while Maher strutted about the ring until the referee counted off 10 seconds. Maher then walked to his corner and the master of ceremonies announced that Maher had won, and that the time of the bout was 35 seconds.

FOOLISH HEIR ABDUCTED.

Relatives of Moses Fowler Chase Fighting for the Guardianship.

NEW YORK, June 21.—The police officials say they know nothing about Moses Fowler Chase, the mentally incompetent young man said to be worth \$600,000, who is supposed to have been abducted from his home in Detroit and to be in New York with his aunt. The police of Detroit, it was reported, had asked the New York police to arrest the three if they came here. Notwithstanding that the police claim to know nothing of Chase, he has been in the city since Monday night. Chase is registered at the Waldorf-Astoria hotel with C. H. Duhme and the latter's wife. The night clerk at the hotel said that he understood Mr. Duhme and his wife are the uncle and aunt of Chase. The clerk said the three guests had registered Monday night and had made no secret of the fact that they intended to sail for Europe today.

ROBBED BY HIS PORTER.

Omaha Jeweler Mulcted for \$1,000 by a Trusted Employee.

OMAHA, June 21.—Albert Peterson, diamond thief and wife beater, might have kept a long series of successful thefts always a secret had it not been for a love of strong drink and habitual ill treatment of his wife. For two years a trusted employee of A. Mandelberg's jewelry establishment, Peterson is found to have stolen goods since almost the first day of his service and continued until his resignation last May. The value of the articles stolen amounted to about \$1,000 and not the remotest suspicion attached to him. When arrested for wife beating and in a maudlin condition Peterson revealed his long-concealed secret.

At Loudonville the storm seems to have gathered strength and there was a decided cloudburst. Hunter is missing and may be drowned. Bridges and roadways have been broken or destroyed, entailing a loss of \$100,000.

The condition of corn is very uneven and the output uncertain, but with favorable conditions in the future it is possible to bring the crop up to nearly an average in the larger part of the state. Dr. Summers was the author of several standard medical works and his successful treatment of yellow fever cases during the Memphis epidemic of 1878 gave him national reputation. Dr. Summers was professor of anatomy in the St. Louis college of physicians and surgeons.
